Required Minimum Distribution Summary

Prior year end fair market value(FMV)	849,640.01	Participant DOB:	11/03/1951	Amount required to be withdrawn for 2024	32,061.88
Calculation factor	26.50	Beneficiary DOB:	Unknown	Amount withdrawn year-to-date	32,061.88
				Remaining amount you are required to withdraw for 2024	0.00

According to our records, you are required under federal tax law to take an annual minimum distribution from your retirement account. Required minimum distributions (RMDs) usually begin in the year you reach the age of 73 and are calculated by dividing your year-end fair market value by a factor determined by the Internal Revenue Service (IRS). For the year you turn 73, the first RMD payment can be delayed until April 1st of the year following the year in which you turn 73. For all subsequent years, including the year in which the first RMD was paid by April 1st, you must take the RMD by December 31st of the year. Please verify this calculation with your tax professional, as there may be other information that could impact your RMD. If you do not take enough to satisfy the requirement, the IRS may impose a 25% excise tax on the shortfall. To start your distributions, contact your Advisor.

Please note the following important information applicable to inherited retirement accounts only:

Required Minimum Distribution Summary (continued)

If PRIOR to January 1, 2020 you inherited assets from someone other than your spouse, or you are the spouse beneficiary of these assets and you choose not to treat this account as your own, you are generally required to take a minimum distribution from the inherited account by December 31 of each year. The required minimum distribution (RMD) amount provided to you in the above calculation is based on the IRS Single Life Expectancy (SLE) table. Alternatively, if the original retirement account owner was not subject to RMDs, you can choose to distribute the balance of your inherited retirement account within five years of the owner's death. However, if you inherited retirement assets ON OR AFTER January 1, 2020, you may be subject to the 10-year distribution rule and any calculation provided above may not be applicable. Exceptions, including inheritance by spouses, do apply and you would continue to be subject to the RMDs over your lifetime. If you do not take enough to satisfy the requirement, the IRS may impose a 25% excise tax on the shortfall. Due to the complexity of RMD requirements for inherited accounts, speak with your tax professional regarding the options available to you.

Messages

Federal regulations state an individual retirement account (IRA) owner, with the exception of Roth IRAs, must take his or her required minimum distribution (RMD) for the year in which he or she turns 73 and each calendar year thereafter.

According to our records, your 2025 RMD amount must be distributed by December 31, 2025. Beginning in January 2025, your RMD information will be included in your IRA statement. Should you need to have your RMD amount calculated prior to receiving this information, please contact your advisor or financial organization for assistance with your request. With the exception of inherited IRAs, we will inform the IRS of all IRA participants who are required to take an RMD from their IRA.

It is your obligation to ensure that you withdraw sufficient funds to satisfy your RMD requirement and if you do not take enough to satisfy the requirement, the IRS may impose a 25% excise tax on the shortfall.

Important Information about your account

BNY Mellon, National Association ("BNY Mellon, N.A.") has been retained by your Financial Institution as a sub-custodian ("Sub-Custodian") to provide sub-custody, technology, and other services. BNY Mellon, N.A., member FDIC, is a wholly owned subsidiary of The Bank of New York Mellon Corporation.

Sub-Custodian and your Financial Firm are unaffiliated parties and not responsible for the products or services of the other. Trademarks, service marks and logos belong to their respective owners.

Securities, including shares of all Mutual Funds, including Money Market Mutual Funds:

- Are not insured by and are not obligations of the FDIC or any other government agency;
- Are not deposits or obligations of and are not endorsed or guaranteed by any bank;
- Are subject to investment risk, including the possible loss of the principal amount invested; and
- May fluctuate in value, so that when they are sold they may be worth more or less than when they were purchased.

Your statement may reflect positions for which Sub-Custodian does not have a sub-custodial responsibility and are reflected on your statement as an accommodation to you for reporting purposes, at the request of your Financial Institution. These positions are held at other institutions or locations external to and without affiliation with Sub-Custodian or its affiliates. In such cases, unless Sub-Custodian agrees in writing, Sub-Custodian has no responsibility for the verification, valuation, safekeeping or management of those assets. In these cases, this statement reflects a notation of "Asset Not Held" ("ANH") on the holding which indicates that the asset is reflected only as an accommodation for reporting the information and not as an asset held or at Sub-Custodian or its affiliates. The value of the ANH may be included in the Portfolio Value of this statement. With respect to these assets, Sub-Custodian is not responsible for the accuracy of any information as set forth on this statement and maintained on its books and records as a consequence of this accommodation. Please review your statement promptly and report any discrepancies to your Financial Institution.

Estimated Yield and Income

Estimated yield and income information is based on past performance. Past performance is no guarantee of future results.

Pricing

This section includes the net market value of the securities in your account on a settlement date basis at the close of the statement period. Market prices for securities, unless otherwise

noted, have been obtained from independent vendor services, which we believe to be reliable. In some cases the pricing vendor may provide prices quoted by a single broker or market maker. Market prices do not constitute a bid or an offer, and may differ from the actual sale price. Securities for which a price is not available are marked "N/A" and are omitted from the Total. Events affecting the issuers of securities or the markets more generally may adversely affect the liquidity of the securities held in your account with the result that they cannot be sold at or near the prices reflected in this statement. Limited partnerships and other illiquid securities are priced in accordance with our current pricing policy, which may be changed from time to time. The As of price date only appears when the price date does not equal the statement date.

Variable Rate Securities

Interest rate data for certain complex and/or variable rate securities is provided to Pershing by third-party data service providers pursuant to contractual arrangements. Although we seek to use reliable sources of information, the accuracy, reliability, timeliness, and completeness of interest rate data may vary sometimes, particularly for complex and/or variable rate securities and those with limited or no secondary market. As a result, we can offer no assurance as to the accuracy, reliability, timeliness, or completeness of interest rate data for such securities. Pershing may also occasionally make interest rate updates and adjustments based on its reasonable efforts to obtain accurate, reliable, timely, and/or complete interest rate data from other data sources, but we can similarly provide no assurance that those rates or adjustments will be accurate, reliable, timely, or complete.

When updated interest rate data is received from a third-party data service provider or adjusted by Pershing, the updated data will be reflected in various sources where interest rate data is used or viewed, including both paper and electronic communications and data sources. Prior use or communication of interest rate-related data will not be revised. Since variable interest rates may be subject to change at any time and are only as accurate as the data received from third-party data service providers or otherwise obtained by Pershing, interest rate data should not be relied on for making investment, trading, or tax decisions. All interest rate data and other information derived from and/or calculated using interest rates are not warranted as to accuracy, reliability, timeliness, or completeness and are subject to change without notice. Pershing disclaims any responsibility or liability to the fullest extent permitted by applicable law for any loss or damage arising from any reliance on or use of the interest rate data or other information derived from and/or calculated using interest rates in any way. You should request a current valuation for your securities from your financial adviser or broker prior to making a financial decision or placing an order or requesting a transaction in these securities.

Structured Products

Structured products in this section are complex products and may be subject to special risks, which may include, but are not limited to: loss of initial investment; issuer credit risk; limited or no appreciation; risks associated with the underlying reference asset(s); no periodic payments; call prior to maturity (a redemption could affect the yield represented); early redemption fees or other applicable fees; price volatility resulting from issuer's and/or guarantor's credit quality; lower interest rates and/or yield compared to conventional debt with a comparable maturity; unique tax implications; concentration risk of owning the related security; limited or no secondary market; restrictions on transferability; conflicts of interest; and limits on participation in appreciation of underlying asset(s). To review a complete list of risks, please refer to the offering documents for the structured product. For more information about the risks specific to your structured products, you should contact your financial institution or advisor. Certain structured products are designed to make periodic distributions to you and any such structured product distributions you receive will be listed in the Transactions section of your statement. Structured product distributions may be listed there as "Bond Interest Received"; however, this description is not intended to reflect a determination as to either the asset classification of the product or the U.S. tax treatment of such distributions.

Tax Information

Information contained in this statement should not be used for tax preparation purposes. Rather, please refer to your annual tax letter.

Dividends, interest, and other distributions shown on this statement were classified based on certain information known as of the date of the distribution. These classifications are subject to change and is solely intended for use as general information.

Foreign Bank and Financial Accounts:

The Internal Revenue Service has articulated the position that the rules regarding the reporting of foreign bank and financial accounts apply to certain hedge funds, private equity investments and real estate investment trusts, among other products. You should consult your tax advisor to determine whether you may be affected by these reporting requirements.

Property Transfer

Account assets may be escheated to the appropriate state if no activity occurs in the account within the time period specified by the applicable state law.

Fees for Non-U.S. Currency Balances

Sub-Custodian may charge a fee on non-USD positions in your account. The current listing of currencies and rates can be secured through your Financial Institution. Market conditions will continue to be monitored and changes to rates will be announced as necessary.

Fees for Class Action Claims

Sub-Custodian may charge additional fees with respect to the filing of claims relating to any class action, litigation, arbitration, bankruptcy, settlement or other legal proceeding involving any securities held in the account. Such fees are assessed in the amount of 3% of the proceeds received by Sub-Custodian and deducted from the amount of the claim proceeds credited to the account.

Please review your statement promptly and contact your Financial Institution with any questions.
