Additional important disclosures

Throughout these disclosures, Ameriprise Financial Services, LLC, the introducing firm, and American Enterprise Investment Services, Inc., the clearing firm, are abbreviated as AFS and AEIS respectively. Affiliates RiverSource Life Insurance Co. and RiverSource Life Insurance Co. of New York are abbreviated as RVS.

Agreements and disclosures: You may access current versions of documents including agreements, disclosures and fee documentation governing brokerage and managed accounts on our website at ameriprise.com/disclosures.

Ameriprise® Managed Accounts: It is important to review your personal financial condition on a periodic basis. Contact your financial advisor if there are any changes to your financial condition, investment objectives, or if you would like to request any reasonable investment restrictions on the trading or management of your discretionary managed account(s).

For most mutual funds, a share class that does not have a sales-load and does not assess 12b-1 fees (collectively "Advisory Shares") is offered in all Ameriprise Managed Account Programs as the only mutual fund share class, where available to us through a selling agreement. If not available to us through a selling agreement or if the mutual fund does not offer an Advisory Share class, we offer Class A shares that may pay a 12b-1 fee or a no-load share class that does not have a sales-load but that may pay a 12b-1 fee. The share class offered by AFS for a particular mutual fund is the only share class we allow for additional purchase within your managed account. Where share classes that do not match the Advisory Share class or other share class offered by AFS for a particular mutual fund ("Non-Matching Shares") are transferred into your account, we may convert Non-Matching Shares to an Advisory Share class of the same mutual fund, as long as the mutual fund company allows these conversions to be processed on a tax-free exchange basis for non-qualified account holdings. In this event, you will see activity for the removal of the Non-Matching Shares and activity for the receipt of the Advisory Share positions on the same date. Any 12b-1 fees received by AFS will be promptly rebated to your Managed Account and you will see a 12b-1 rebate credit on your statement activity.

Check deposits: Checks that should be made payable to AEIS include Ameriprise Brokerage, ONE Financial, Managed Accounts, 529 Plans and Variable Annuities. Checks that should be made payable to AFS include RiverSource Insurance and Annuities, Ameriprise Certificates, Financial Plans and checks for multiple products that do not include funds to be sent to Brokerage or a Managed Account. Checks for deposit to an Ameriprise Bank Account should be made payable to the account owner/client or Ameriprise Bank. Checks for deposit into RiverSource Life of New York accounts should be made payable to RiverSource Life of New York. Checks for RAVA S accounts that are transfer checks or additional payments should be made out to RiverSource Life Insurance Company. No checks or payments should be made payable to any advisor or their practice as these are not an affiliate or subsidiary of the firm.

AEIS balance sheet available online for Dec. 31, 2025: In accordance with requirements under Securities and Exchange Commission ("SEC") Rule 17a-5, we make our Statement of Financial Condition available on our website at www.ameriprise.com/aeisfinancialstatement. You may also obtain a free copy by mail by calling us at 800.297.7378.

AEIS, a wholly owned subsidiary of Ameriprise Financial, Inc., is the registered clearing broker dealer for your securities positions and free credit balances held in your Ameriprise brokerage account(s). Under the SEC's Uniform Net Capital Rule, Rule 15c3-1, AEIS is required to provide this information to its customers and is required to maintain net capital of 2% in excess of aggregate debit items arising from client transactions. On December 31, 2025, the Company's net capital was \$172,937,384 or 9.85% of aggregate debit items and \$137,821,066 in excess of its required net capital of \$35,116,318.

Third Party Payments and Cost Reimbursement Services: AEIS performs certain services such as record keeping, administration and shareholder servicing support, applicable platform level eligibility and investment product due diligence, investment research, training and education, client telephonic and other servicing, and other support related functions, such as trading systems, asset allocation and performance reporting tools, and websites and mobile applications (collectively, "Cost Reimbursement Services"). AEIS receives a variety of these payments for Cost Reimbursement Services ("Cost Reimbursement Payments") from investment products sponsored or managed by affiliated investment advisers (e.g., Columbia Management Investment Advisers) and from unaffiliated product companies for investments you make as a result of our recommendations. Cost Reimbursement Payments are received at a higher percentage rate from certain

mutual fund firms (described below as "Full Participation Firms"), which may create a conflict of interest or incentive if AFS promotes, or Ameriprise Financial advisors recommend, the mutual funds offered by a Full Participation Firm. These payments form a structure referred to as the Ameriprise Financial Mutual Fund Program. Cost Reimbursement Payments are not shared with your financial advisor. Cost Reimbursement Payments for marketing and sales support are also applicable to other investment product categories, such as annuities, insurance, UITs, actively managed ETFs, structured products and alternative investments, such as non-traded REITs/BDCs, hedge fund offerings, managed futures funds, private equity offerings, and real estate private placements. For additional information regarding the compensation amounts and practices of a particular mutual fund, please review all pertinent sales literature, statements of additional information prospectuses, accounts agreements, policies, contracts, other offering documents, and the Other Important Brokerage Disclosures document on ameriprise.com/disclosures.

Financial interest in products: AFS and its affiliates have a greater financial interest in the sales of products that they manufacture. AFS and its affiliates receive more revenue from the sale of some financial products and services, particularly those products and services sold under the Ameriprise, Columbia Threadneedle Investments and RVS brands, than for the sale of other products and services.

We must hear from you no later than 60 days after we sent you the FIRST statement on which the error or problem appeared.

(1) Tell us: your name and account number (if any).

(2) Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe it is an error or why you need more information;

(3) Tell us the dollar amount of the suspected error.

We will investigate your complaint and will correct any error promptly. If we take more than 10 business days (or 20 business days for new accounts) to do this, we will credit your account for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your account. We may take up to 45 days to complete our investigation (90 days for transfers involving new accounts, point-of-sale, or foreign-initiated transactions). We will tell you the results within three business days after completing our investigation. If we determine that there was no error, we will send you a written explanation. Some securities are not "covered" by definition, see below. When a "covered" investment is sold, we will report the cost basis and holding period of the investment to you and the IRS (in addition to the already-required proceeds information). The cost basis information provided on this statement may not be used for tax reporting purposes. For tax reporting purposes, use the information provided on Form 1099-B, Proceeds from Broker and Barter Exchange Transactions, which will be sent early in the year following the tax year in which the investment was sold.

"Noncovered" securities: "Noncovered" is a term for those securities that are not subject to the required cost basis and holding period reporting described above. Ameriprise Financial provides cost basis and holding period information to clients, but not the IRS, for many "noncovered" securities including "noncovered" equities, mutual funds, exchange-traded funds (ETFs), exchange-traded notes (ETNs), business development corporations (BDCs), unit investment trusts (UITs), real estate investment trusts (REITs), debt instruments, and options acquired before the effective dates listed above. Certain other securities are currently excluded from the cost basis reporting rules, including money market funds, short-term debt instruments, real estate mortgage investments conduits (REMICs) and other mortgage-backed securities, partnerships, trusts, and prepaid forward contracts (including certain structured products). The cost basis information provided for "noncovered" securities may not include changes due to corporate actions (such as mergers, spin-offs, stock dividends or cash dividends in lieu of fractional shares), wash sales, certain mutual fund adjustments, returns of capital, certain adjustments to fixed income securities (including early prepayment of principal, premium amortization, accrual of market discount or original issue discount), or transfers of existing positions into Ameriprise by new or existing clients. Ameriprise is not responsible for "noncovered" cost basis information, and will not verify cost basis information that is provided by someone else (including a client, an advisor or another entity, such as a broker) or is the result of a transfer between persons (including inheritance, gift, divorce, distributions from a trust, shares used to repay a loan, etc.). It also will not verify "noncovered" cost basis information obtained through corporate acquisitions by Ameriprise. For transactions related to any of these activities for "noncovered" shares, review your records and consult your tax advisor when preparing your tax return.

Free credit balance: In general, a free credit balance represents cash held in your brokerage or managed account that is payable upon your demand. We are not required to segregate or hold the funds separately. We may commingle your funds with our general funds or use the funds for our business. We may, but are not obligated to, pay you interest on any available free credit balances, and we may earn income from the balances as compensation for servicing your account. For additional information review Other Important Brokerage Disclosures on ameriprise.com/disclosures.

Order Routing Policy and compensation for order handling: Some market centers or broker-dealers may execute orders at prices superior to the publicly quoted market. AEIS considers a number of factors in its decision process as to the exchanges and market centers to which it directs its customer orders for execution. These factors include but are not limited to: the speed of execution; the opportunity for price improvement; liquidity enhancement opportunities; trading characteristics of the particular individual security; and size of the order. AEIS currently does not receive payment for directing orders; however, AEIS reserves the right to receive remuneration for directing orders to a particular broker or dealer for execution. The source and amount of remuneration, if any, received by AEIS will be furnished upon written request. Payment for order flow is not a factor considered when routing orders. For more detailed information, please visit our Order Routing Report published quarterly on ameriprise.com. Please contact us at 800.862.7919 to obtain a printed copy of our Order Routing Report at no cost, or for further details regarding the routing of any specific order. The link to the SEC 606 Order Routing Report can be found at ameriprise.com/606.

Brokerage mutual fund purchases: When you purchase certain mutual funds at NAV, on selling your shares, you may pay a sales charge. For the charge and other fees, see the prospectus.

Equity Dividend Reinvestment Program (DRIP) customers: Transactions to purchase shares for the DRIP program, where offered, are executed on a riskless principal basis by AEIS. Details of your DRIP transactions are available on written request to AEIS.

Fractional Shares and Liquidation Process: Where your statement indicates a transaction that involved less than one full share of an equity, ETF, preferred or closed-end fund, as well as UITs ("Fractional Share"), AFS and AEIS sold and liquidated the Fractional Share(s) as a client-directed principal transaction on your behalf in accordance with the Ameriprise Brokerage Client Agreement and, if you have a Managed Account, per the liquidation process outlined in your Custom Advisory Relationship Agreement or the applicable Managed Account Client Agreement.

Assets held outside your brokerage account: Certain assets purchased through AFS are displayed on this statement as a courtesy to you, even though the assets are held at a third party, and not custodied in your brokerage account. These products may include but are not limited to annuities and insurance products, hedge fund offerings, private equity offerings, managed futures funds, exchange funds, real estate private placements, DST/TICs, and certain 529 plans. Ownership records for these products, valuation information, and SIPC coverage, if applicable, are the responsibility of the company holding the assets, and not AFS or AEIS.

The Value of your accounts over time on the first page of your statement reports the following information:

1) The ending value of your portfolio for applicable dates going back (up to) five years. The gray line shows the net value of your deposits and withdrawals, dating back (up to) five years. Note:

- The gray line does not reflect additions or surrenders for third-party annuities linked to your brokerage account prior to Jan. 1, 2017.
- The gray line does not reflect additions or surrenders from any whole life insurance policies.
- If your portfolio was established on Dec. 31, 2012 or earlier, the gray line starting point was your portfolio value on Jan. 1, 2013. The gray line shows your portfolio value on Jan. 1, 2013 PLUS additions since that time MINUS withdrawals since that time.

Activity for this period: transaction(s) that have not yet settled by the date of this statement will appear on your next statement.

Disclosure for persons without a financial advisor: Mutual funds can be purchased through AFS. For direct purchases AFS will retain all sales charges and 12b-1 fees.

Withholding: The distributions you receive from your annuity, life insurance, or tax-qualified account are subject to federal income tax withholding on the reported taxable portion unless you elect not to have withholding applied (though mandatory withholding may apply in certain situations). If you elect not to have federal withholding, you may make an election not to withhold at the time of your distribution request or, alternatively, you can provide a withholding certificate by contacting us or your financial advisor. Withholding certificates can also be used to elect to have amounts withheld. If you provide a withholding certificate, the withholding election applies prospectively only and remains in effect until you choose to revoke it or change it (e.g., if you want a lesser amount withheld) by providing a new withholding certificate. Note, if you do not make a withholding election, tax will be withheld in accordance with IRS rules (generally, 10% withholding for non-periodic distributions from IRAs and non-qualified annuities and wage table withholding rules for periodic distributions from either). If total withholding is not adequate, you may need to make estimated tax payments and/or be subject to tax penalties. For tax-qualified accounts withholding will be taken from the gross amount of the distribution, even though it may contain amounts not includible in income and result in excess withholding. State income tax withholding may be required from your distribution. Your state of residence will determine your state income tax withholding requirements, if any. Withholding rules vary by state and in some states withholding is not available. Based on your state's rules you may have the option to: (i) elect out of withholding, (ii) elect to have state withholding apply, or (iii) increase the rate of withholding. For some states, you may need to supply us with a state-specific, or other, form depending on the circumstances. Please see your tax advisor for assistance with these matters.
