Important Notice

Earlier this year, Nationwide was honored to be re-selected as a Deferred Compensation Plan Investment Provider by the State of Florida Deferred Compensation Plan. A series of enhancements and modifications were detailed in communications distributed earlier in the year, including improved fee transparency and competitive Fixed Account Fund rates of return.

As a reminder:

- The fees that are assessed to your account are now clearly featured as an Explicit Fee (an asset management charge); an explicit asset fee allows us to be transparent and clearly share how account fees are assessed
- This Explicit Fee is assessed on every dollar of Plan assets including those in Fixed Accounts, Target Date Funds, Mutual Funds and Self-Directed Brokerage
- Through the end of 2022, the current 3.50% return on assets held in the Fixed Account Fund will be maintained
- Over the course of the 5-year contract between the State of Florida Deferred Compensation Plan and Nationwide, an average annual 3.0% guaranteed rate of return will be in effect; this approach accommodates market fluctuations while also generating the most competitive guaranteed rate of return possible
- Competitive minimum rates of return for the Fixed Account Fund that could be assessed for 2022 - 2023 are as follows:
 - Fourth Quarter 2022, 3.50% (October - December 2022)
 - 2023, 3.20% (January - December 2023)

We encourage you to compare this rate of return with other firms whom you might do business with and contact us if you have any questions.
