Generally, securities acquired before 2011, in retirement accounts or held by Non-U.S. entities are not subject to the cost basis reporting rules set forth in the Internal Revenue Code of 1986, as amended by the Emergency Economic Stabilization Act of 2008, and are marked as "noncovered". Securities marked as "covered", were identified as securities potentially subject to the cost basis reporting rules and may be reported to the IRS on form 1099-B for the applicable tax year in which the securities are disposed.

Portfolio Holdings (continued)

Note: In the event where we cannot easily determine the taxability of an account, we may mark the account as noncovered. However, if the account does not receive a 1099B, the cost basis will not be reported to the IRS.

^y This line is an aggregation of shares in this position, representing shares acquired at different times and/or dates. This summary is a sum of these shares and does not represent cost basis calculated using the average cost accounting method.

^z The cost basis and holding period has been adjusted for a portion of this position due to a wash sale event.

Portfolio Holdings Disclosures

Pricing

This section includes the net market value of the securities in your account on a settlement date basis, including short positions, at the close of the statement period. The market prices, unless otherwise noted, have been obtained from independent vendor services, which we believe to be reliable. In some cases the pricing vendor may provide prices quoted by a single broker or market maker. Market prices do not constitute a bid or an offer, and may differ from the actual sale price. Securities for which a price is not available are marked "N/A" and are omitted from the Total.

THE AS OF PRICE DATE ONLY APPEARS WHEN THE PRICE DATE DOES NOT EQUAL THE STATEMENT DATE.

Estimated Annual Figures

The estimated annual income (EAI) and estimated annual yield (EAY) figures are estimates and for informational purposes only. These figures are not considered to be a forecast or guarantee of future results. These figures are computed using information from providers believed to be reliable; however, no assurance can be made as to the accuracy. Since interest and dividend rates are subject to change at any time, and may be affected by current and future economic, political, and business conditions, they should not be relied on for making investment, trading, or tax decisions. These figures assume that the position quantities, interest and dividend rates, and prices remain constant. A capital gain or return of principal may be included in the figures for certain securities, thereby overstating them. Refer to www.pershing.com/disclosures for specific details as to formulas used to calculate the figures. Accrued interest represents interest earned but not yet received.

Reinvestment

The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your statement may have been reinvested. You will not receive confirmation of these reinvestments. Upon written request to your financial institution, information pertaining to these transactions, including the time of execution and the name of the person from whom your security was purchased, may be obtained. In dividend reinvestment transactions, Pershing acts as your agent and receives payment for order flow.

Option Disclosure

Information with respect to commissions and other charges incurred in connection with the execution of option transactions has been included in confirmations previously furnished to you. A summary of this information is available to you promptly upon your written request directed to your introducing firm. In order to assist your introducing firm in maintaining current background and financial information concerning your option accounts, please promptly advise them in writing of any material change in your investment objectives or financial situation. Expiring options which are valuable are exercised automatically pursuant to the exercise by exception procedure of the Options Clearing Corporation. Additional information regarding this procedure is available upon written request to your introducing firm.

Foreign Currency Transactions

Pershing will execute foreign currency transactions as principal for your account. Pershing may automatically convert foreign currency to or from U.S. dollars for dividends and similar corporate action transactions unless you instruct your financial organization otherwise. Pershing's currency conversion rate will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or the prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Your financial organization may also increase the currency conversion rate. This conversion rate may differ from rates in effect on the date you executed a transaction, incurred a charge, or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

Proxy Vote

Securities not fully paid for in your margin account may be lent by Pershing to itself or others in accordance with the terms outlined in the Margin Agreement. The right to vote your shares held on margin may be reduced by the amount of shares on loan. The Proxy Voting Instruction Form sent to you may reflect a smaller number of shares entitled to vote than the number of shares in your margin account.

Variable Rate Securities

Interest rate data for certain complex and/or variable rate securities is provided to Pershing by third-party data service providers pursuant to contractual arrangements. Although we seek to use reliable sources of information, the accuracy, reliability, timeliness, and completeness of interest rate data may vary sometimes, particularly for complex and/or variable rate securities and those with limited or no secondary market. As a result, we can offer no assurance as to the accuracy, reliability, timeliness, or completeness of interest rate data for such securities. Pershing may also occasionally make interest rate updates and adjustments based on its reasonable efforts to obtain accurate, reliable, timely, and/or complete interest rate data from other data sources, but we can similarly provide no assurance that those rates or adjustments will be accurate, reliable, timely, or complete.

When updated interest rate data is received from a third-party data service provider or adjusted by Pershing, the updated data will be reflected in various sources where interest rate data is used or viewed, including both paper and electronic communications and data sources. Prior use or communication of interest rate-related data will not be revised. Since variable interest rates may be subject to change at any time and are only as accurate as the data received from third-party data service providers or otherwise obtained by Pershing, interest rate data should not be relied on for making investment, trading, or tax decisions. All interest rate data and other information derived from and/or calculated using interest rates are not warranted as to accuracy, reliability, timeliness, or completeness and are subject to change without notice. Pershing disclaims any responsibility or liability to the fullest extent permitted by applicable law for any loss or damage arising from any reliance on or use of the interest rate data or other information derived from and/or calculated using interest rates in any way. You should request a current valuation for your securities from your financial adviser or broker prior to making a financial decision or placing an order or requesting a transaction in these securities.

The Bank Deposit Sweep Product (Product) itself is NOT FDIC-insured. Rather, through the Product, the available balance in your Account is swept into deposit accounts at various participating banks, which are all FDIC member insured depository institutions (IDIs). Those balances held at the participating IDIs are eligible for pass-through FDIC insurance coverage up to the current maximum deposit insurance amount of \$250,000 per eligible depositor at each IDI, for each eligible category of ownership or capacity, pursuant to FDIC regulations. Balances in Bank Deposit Sweep Products are not considered securities and are not eligible for coverage by the Securities Investor Protection Corporation (SIPC). Please review the product disclosure for more detailed information on the application of FDIC insurance coverage on your Product balance.

Generally, securities acquired before 2011, in retirement accounts or held by Non-U.S. entities are not subject to the cost basis reporting rules set forth in the Internal Revenue Code of 1986, as amended by the Emergency Economic Stabilization Act of 2008, and are marked as "noncovered". Securities marked as "covered", were identified as securities potentially subject to the cost basis reporting rules and may be reported to the IRS on form 1099-B for the applicable tax year in which the securities are disposed.

Note: In the event where we cannot easily determine the taxability of an account, we may mark the account as noncovered. However, if the account does not receive a 1099B, the cost basis will not be reported to the IRS.

This Schedule may not reflect all cost basis adjustments necessary for tax reporting purposes, especially for noncovered securities. Adjustments to cost basis may have been made for prior income received and subsequently reclassified by the issuer as a return of capital. In addition, corporate action events may require adjustments to your original cost basis. Return of capital information and cost basis information, as it relates to corporate actions, has been obtained from sources we believe to be reliable.

December 1, 2023 - December 31, 2023
WILLIAM EDWIN CONERLY

Schedule of Realized Gains and Losses Year-to-Date *(continued)*

Adjustments to cost basis can be made after year-end, in particular, for return of capital adjustments, but may also include adjustments for corporate action events. Therefore there may be differences in cost basis reflected on your monthly client brokerage statement at year end versus any subsequent reports, including your 1099-B or online displays you may have available to you. When you report your cost basis on your tax return, it should be verified using all of your own records. In particular, there may be other adjustments which you need to make, but are not required to be made by Pershing as it relates to H.R. 1424. You should consult with your tax advisor in order to properly report your gain or loss for tax purposes. Pershing shall not be responsible for and makes no representations or warranties with respect to the accuracy of any information that you report to the IRS or other taxing authorities, and, accordingly, disclaims any and all liability that may arise with respect to your use and reliance on the information provided herein for such reporting.

Please refer to the Your Account Information Section in your brokerage account statement for your account's existing tax-lot disposition method. The disposition method is the method which you have selected to use in the disposal of each tax lot of the securities held in your account. If you do not select a method, your account will be defaulted to First In, First Out (FIFO). Your account's selected tax lot method will be used to determine the cost basis for calculating gain and/or loss, unless another method was selected at the time of the security disposal, and this may be reported on the IRS Form 1099-B.

Messages

Although a money market mutual fund (money fund) seeks to preserve the value of your investment at \$1 per share, it is possible to lose money by investing in a money fund. Shares of a money fund or the balance of a bank deposit product held in your brokerage account may be liquidated upon request with the proceeds credited to your brokerage account. Please see the money fund's prospectus or the bank deposit product's disclosure document or contact your advisor for additional information. Pursuant to SEC Rule 10b-10(b)(1) confirmations are not sent for purchases into money funds processed on the sweep platform. Pursuant to applicable regulation, account statements will be produced monthly or quarterly. Balances in Federal Deposit Insurance Corporation (FDIC)-insured bank deposit sweep products are not protected by Securities Investor Protection Corporation (SIPC).

Please note the following information for Pershing's 2023 IRS Form 1099 (B, DIV, INT, MISC and OID): Your Form 1099 will be delivered in the first months of the year, beginning January 31, 2024. By February 15, you will be mailed either your Form 1099 or a special Pending 1099 Notice. The Pending 1099 Notice will be sent if we have not received and processed final information from issuers and trustees of securities that you hold by the as of date of the February 15 1099 mailing. You will also be sent the notice if your information is still being reviewed and finalized. The notice will inform you of the securities that are pending final reporting and provides the anticipated mail date of your 1099. Your 1099 will be mailed no later than March 15, 2024.

Transition to Trade Date plus One (T1) Settlements

The U.S. will adopt a shortened settlement timeframe beginning with trade date May 28, 2024, for equities, corporate, municipal bonds and unit investment trusts. Moving from a T2 to a T1 settlement cycle will provide faster access to sale proceeds, but it also means that funds will be due on purchase transactions earlier.

THE SWEEP PRODUCT USED IN YOUR ACCOUNT AUTOMATICALLY DEPOSITS ANY AVAILABLE CASH BALANCE INTO FEDERAL DEPOSIT INSURANCE CORPORATION (FDIC) MEMBER BANKS. FDIC-INSURED BANK DEPOSITS ARE NOT PROTECTED BY SECURITIES INVESTOR PROTECTION CORPORATION (SIPC). WITH REGARD TO PRODUCTS THAT MAY BE AVAILABLE AS SWEEP OPTIONS, YOU MAY VIEW CURRENT YIELDS ON CERTAIN MONEY MARKET FUNDS AND FDIC-INSURED BANK DEPOSIT SWEEP PRODUCTS AS WELL AS CURRENT BANK LISTS BY VISITING <https://www.pershing.com/us/en/rates.html>. IN ADDITION, PERSHING EXECUTES CERTAIN TRANSACTIONS IN EQUITY PREFERRED SECURITIES AND FRACTIONAL SHARES AS PRINCIPAL. PERSHING ALSO ROUTES CERTAIN EQUITY ORDERS TO ITS AFFILIATE, BNY MELLON CAPITAL MARKETS, LLC, FOR EXECUTION AS PRINCIPAL.

BEST EXECUTION: NOTWITHSTANDING THE PREVIOUS PARAGRAPH REGARDING PAYMENT FOR ORDER FLOW, PERSHING SELECTS CERTAIN MARKET CENTERS TO PROVIDE EXECUTION OF OVER-THE-COUNTER AND EXCHANGE-LISTED SECURITIES TRANSACTIONS WHICH AGREE TO ACCEPT ORDERS, TRANSMITTED ELECTRONICALLY UP TO A SPECIFIED SIZE, AND TO EXECUTE THEM AT OR BETTER THAN THE NATIONAL BEST BID OR OFFER (NBBO). IN CERTAIN SECURITIES THAT ARE NOT ELECTRONICALLY QUOTED, PERSHING DIRECTLY CONTACTS MARKET CENTERS TO OBTAIN AN EXECUTION. THE DESIGNATED MARKET CENTERS TO WHICH ORDERS ARE AUTOMATICALLY ROUTED ARE SELECTED BASED ON THE CONSISTENT HIGH QUALITY OF THEIR EXECUTIONS AND THEIR ABILITY TO PROVIDE OPPORTUNITIES FOR EXECUTIONS AT PRICES SUPERIOR TO THE NBBO. PERSHING ALSO REGULARLY REVIEWS REPORTS FOR QUALITY OF EXECUTION PURPOSES.

Cost basis information

Vanguard is required to report cost basis information to the IRS for sales of covered securities in taxable (nonretirement) accounts. Covered securities are generally stock or mutual funds acquired on or after January 1, 2011 and 2012, respectively. Unless you select another method, we'll use the "first in, first out" (FIFO) accounting method for sales of stocks and exchange-traded funds (ETFs) and the "average cost" method for sales of mutual funds. For more cost basis information go to investor.vanguard.com/taxes/cost-basis

Gain or loss. The gain or loss realized by the sale or redemption, calculated by subtracting the cost from the proceeds. Gains and losses are generally short-term if the security was held a year or less, and long-term if held more than a year.

For our brokerage clients

Your brokerage cash and/or securities are held in custody by Vanguard Brokerage Services, a division of Vanguard Marketing Corporation, member FINRA and SIPC. Vanguard funds not held through your Vanguard Brokerage Services (VBS) account are held by The Vanguard Group, Inc., and are not protected by SIPC.

I. General information and key terms

Advice. Vanguard Brokerage Services doesn't provide tax, investment, or legal advisory services, and no one associated with Vanguard Brokerage Services is authorized to render such advice.

Direct Participation Program (DPP) and Real Estate Investment Trust (REIT). DPP and REIT securities are generally illiquid. The value of the security will be different than its purchase price. Any estimated value on your statement may not be realized when you seek to liquidate the security.

Financial statement. A Vanguard Brokerage financial statement is available for your inspection at any time upon request to Vanguard Brokerage Services.

Free credit balance. Any free credit balance carried for your account represents funds payable on demand, which, although properly accounted for on Vanguard Brokerage's books of record, aren't segregated and may be used in the conduct of its business to the extent permitted by law. Your settlement fund may be liquidated upon your request and the proceeds remitted to you.

Dividend reinvestment. When reinvesting dividends of eligible stocks, ETFs, and closed-end funds, Vanguard Brokerage Services combines cash distributions from the accounts of all clients who have December 31, 2023, year-to-date statement

requested reinvestment in the same security, and then uses that combined total to purchase additional shares of the security in the open market. The new shares are divided proportionately among the clients' accounts, in whole and fractional shares rounded to four decimal places. If the total purchase can't be completed in one trade, clients will receive shares purchased at the weighted average price paid by Vanguard Brokerage Services. Participants in our free dividend reinvestment program should refer to the "Completed transactions" area of the "Account activity for Vanguard Brokerage Account" section of their Vanguard statements for details of transaction history and dates.

For dividend reinvestment of mutual funds held in your brokerage account, the instructions are provided to the fund and the "settlement date" and "trade date" on your statement will generally represent the day the transaction is entered in your account record. Call Vanguard Brokerage Services with any questions.

Reporting brokerage account discrepancies. Promptly report in writing any inaccuracies or discrepancies in your Vanguard Brokerage account (including unauthorized trading) to Vanguard Brokerage Services. Any oral communication must be confirmed in writing to further protect your rights, including your rights under the Securities Investor Protection Act.

Margin accounts. If you maintain a margin account, this is a combined statement of your general account and a special memorandum account maintained for you under Regulation T issued by the Board of Governors of the Federal Reserve System. The permanent record of the separate account as required by Regulation T is available for your inspection upon request to Vanguard Brokerage Services. All securities must be held in your margin account. Note that purchases of open-end mutual funds and Vanguard ETFs® will settle in your cash account and after 30 days be moved into your margin account.

Money market fund transactions. Vanguard Brokerage Services may elect to send a monthly statement, in lieu of an immediate confirmation, for transactions executed pursuant to a periodic plan or an investment company plan, or executed in shares of any open-end registered money market mutual fund.

Orphaned fractional share transactions. Vanguard Brokerage Services may elect to send a monthly statement, in lieu of an immediate confirmation, for transactions executed to liquidate orphaned fractional share positions. Orphaned fractional share positions are fractional share positions held without a corresponding whole share position. Liquidations of these positions are executed by Vanguard Brokerage Services on a principal basis at the previous day's closing price, and the proceeds are credited to your account. No transaction fee is charged.

Open orders. A good-till-canceled (GTC) order will remain in effect for 60 calendar days after the business day on which the order was placed. If the 60th day falls during a weekend or on a holiday, the order will be canceled on the next business day before the markets open. GTC orders are automatically entered on a “do not reduce” (DNR) basis. The limit price won’t be adjusted when a stock goes “ex-dividend.” Orders for securities undergoing corporate actions such as, but not limited to, stock splits, stock dividends, special cash dividends, and spin-offs may be canceled before the market opening on the ex-dividend date of the corporate action. You must maintain records of all open orders. Be sure to review your open GTC orders periodically.

Option accounts. Information regarding commissions and charges related to the execution of an options transaction is provided in the transaction confirmation sent to you at the time of the transaction. These are also available upon request. You should advise us promptly of any changes in your investment objectives or financial situation.

Tax information. After year-end, Vanguard Brokerage Services is required to provide tax information to the IRS and other governmental authorities. At that time, you’ll receive necessary information on the annual tax information statement; use that statement to prepare your tax filings. Note that certain types of assets typically need corrected tax forms.

Trade execution. Vanguard Brokerage Services may have acted as principal, agent, or both in the placement of trades for your account. Details are provided upon request to Vanguard Brokerage Services.

Average pricing. If average price transaction is indicated on this statement, details regarding the actual execution prices are available upon request to Vanguard Brokerage Services.

When issued. A short form of “when, as, and if issued.” The term indicates a conditional transaction in a security authorized for issuance but not as yet actually issued. All “when issued” transactions are on an “if” basis, to be settled if and when the actual security is issued.

II. Portfolio holdings

The net market value of the securities in your account, including short positions, is reflected in this statement on a trade-date basis at the close of the statement period. The market prices have been obtained from quotation services that we believe to be reliable; however, we can’t guarantee their accuracy. Securities for which a price isn’t available are marked “—” and are omitted from the total. Prices listed reflect quotations on the statement date. Current prices are listed to help you track your account and aren’t suitable for tax purposes. Account balances provided on the statement are displayed in short-form using only two decimal places. Please logon to your account at Vanguard.com to review your account balances. Accrued interest represents interest earned but not yet received.

Fund data on Vanguard.com is generally updated mid-month. Depending on when you log on, there may be a difference between the asset mix shown on your statement and the data shown online.

December 31, 2023, year-to-date statement

There also may be a difference between your fund’s actual asset allocation and its target allocation. For more information about your fund’s target allocation, go to Vanguard.com.

Estimated values on statements. Vanguard Brokerage Services relies on external vendors to provide estimated, periodic valuation and market-price information for securities listed in your account statement. From time to time, this information isn’t available or isn’t received in time for posting to your account statement. In this case, the valuation or market price on your statement is marked “-” and the security hasn’t been valued for purposes of calculating account totals. For owners of auction-rate securities: If an estimated valuation is provided on your account statement for auction-rate securities, please note that due to market illiquidity, you may not be able to sell the security at or near the estimated valuation listed on your account statement.

The estimated annual income (EAI) and estimated yield (EY) figures are estimates and are for informational purposes only. EAI represents estimated income to be distributed by a specific position. EAI may be negative on short positions. EY represents the estimated yield of a specific position based on its EAI and current price. EY reflects only the income generated by an investment. It does not reflect changes in the investment’s price, which may fluctuate. EAI and EY for certain types of securities includes return of principal or capital gains, in which case the EAI and EY is not limited to realizable income. Actual income and yield may be higher or lower than the estimated amounts. These figures should not be considered a forecast or guarantee of future results. They are computed using information from providers believed to be reliable; however, no assurance can be made as to the accuracy. Since interest and dividend rates are subject to change at any time and may be affected by current and future economic, political, and business conditions, they should not be relied on for making investment, trading, or tax decisions. The money market settlement fund 7 day SEC yield is calculated by annualizing its daily income distributions for the previous 7 days, which is not the same methodology for calculating EY for other positions held in your account (s). Calculation methodologies differ by security type. Certain security types estimate the annual yield based on historical actual income paid while others estimate future yield based on existing conditions. Please contact Vanguard Brokerage Services for current information regarding your investments and the current estimated valuations of your holdings.

Asset mix for some funds recalculated by Vanguard. If the “Asset mix” section of your “Statement overview” page has a footnote that reads “Recalculated values are included,” the asset allocation breakdown of particular funds within your portfolio among stocks, bonds, and short-term reserves has been calculated using long positions, margin credit or debit balances; short positions have been excluded. Certain funds employ trading strategies, such as risk hedging, short selling, and use of leverage and derivatives, that could result in significant short positions that can’t be displayed using a standard asset allocation pie chart. Exclusion of these short positions may have a significant impact on the “Asset mix” pie chart. For more information about the strategies or holdings of a particular fund, see the fund’s prospectus.

S&P Rating. Copyright 2021, S&P Global Market Intelligence. Reproduction of S&P Credit Ratings (“Ratings”) in any form is prohibited except with the prior written permission of S&P Global Market Intelligence (together with its affiliates, “S&P Global”). S&P Global does not guarantee the accuracy, completeness, timeliness or availability of any information, including Ratings, and is not responsible for any errors or omissions (negligent or otherwise), regardless of the cause, or for the results obtained from the use of Ratings. S&P Global shall not be liable for any damages, costs, expenses, legal fees, or losses (including lost income or lost profit and opportunity costs) in connection with any use of Ratings. Ratings are statements of opinions and are not statements of fact or recommendations to purchase, hold or sell securities. They do not address the market value of securities or the suitability of securities for investment purposes, and should not be relied on as investment advice.

Notice of Withholding on Retirement Distributions

As a general rule, distributions you receive from your Wells Fargo IRA are subject to federal income tax withholding; however, in most cases you may elect not to have federal income tax withheld. If you are currently receiving distributions from your IRA, you may change any withholding election you have previously made. This means that if federal income taxes are currently being withheld from your IRA distributions, and you now prefer to elect out of federal withholding, you may do so. Also, if federal income taxes are currently not being withheld from your distribution, you may change your election so that taxes will be withheld from future distributions. **No action is required on your part if you want your existing withholding election to remain unchanged.**

To make a change to your federal withholding election, contact your Wells Fargo Banker or 1-800-BESTIRA (1-800-237-8472) for an election form. The new election must be made in writing and will be effective no later than 30 days after Wells Fargo Bank receives the new election form.

In making a federal income tax withholding election, you should note that if you elect not to have tax withheld from your distributions, or if the tax that is withheld does not cover your actual tax liability, you may need to make estimated tax payments to avoid certain underpayment of tax penalties. You should consult your own tax advisor for specific information regarding these rules.

Note to Iowa residents: If you are an Iowa resident receiving a distribution, Iowa Laws may require Wells Fargo to withhold 5% of your distribution. Contact your Wells Fargo Banker or 1-800-BESTIRA (1-800-237-8472) for details.

Note to Montana residents: You must pay Montana state income tax on the taxable portion of your IRA distribution. You may elect to have Wells Fargo withhold Montana state tax from your distribution.

Detail for Dividends and Distributions

Account
01/20/2024

This section of your tax information statement contains the payment level detail of your taxable dividends, capital gains distributions, Section 199A dividends, Section 897 dividends and capital gains, exempt-interest dividends, nondividend distributions and liquidation distributions. Also shown are the fair market values of any taxable stock dividends or noncash liquidation distributions.

Federal, state and foreign tax withheld and investment expenses are presented as negative amounts but do not net against the reportable income totals. All amounts are grouped by security, with the transactions listed in chronological order. Subtotals for each security are provided. For situations in which the tax character of a distribution (or part thereof) is different than at the time it was paid, endnotes are provided for further explanation.

Note that a payment characterized as a "Qualified dividend" is only issuer-qualified. There is also a holder level criteria for a dividend to be treated as Qualified. If the payment is from a common stock you are required to have held it for more than 60 days during the 121-day period that begins 60 days before the ex-dividend date of the dividend. If the dividend is from preferred shares and covers a period greater than 366 days, you must have held the preferred stock for more than 90 days during the 181-day period that begins 90 days before the ex-dividend date of the dividend.

Amounts presented in Box 2e as Section 897 Ordinary Dividends or Box 2f as Section 897 Capital Gains apply only to foreign persons and entities whose income maintains its character when passed through or distributed to its direct or indirect foreign owners or beneficiaries, The IRS has indicated that boxes 2e and 2f are not applicable to recipients that are U.S. individuals. You should consult your tax advisor for further information.

Recipient's taxpayer identification number (TIN). For your protection, this form may show only the last four digits of your TIN (social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN)). However, the issuer has reported your complete TIN to the IRS.

Account number. May show an account or other unique number the payer assigned to distinguish your account.

Backup Withholding. Shows backup withholding. Generally, a payer must backup withhold if you did not furnish your taxpayer identification number. See Form W-9 and Pub. 505 for more information. Report this amount on your income tax return as tax withheld.

Nominees. If this 1099 form includes amounts belonging to another person, you are considered a nominee recipient. You must file as the "payer" the respective Form 1099 (DIV, INT, or OID) Copy A (with a Form 1096) to the IRS for each of the other owners as recipient(s) to show their allocable share of the income and you must furnish the respective Copy B Form(s) and amounts to each owner. Keep tax documents for your records.

1099-DIV Instructions for Recipient

Line 1a. Shows total ordinary dividends that are taxable. Include this amount on the "Ordinary dividends" line of Form 1040 or 1040-SR. Also report it on Schedule B (Form 1040), if required.

The amount shown may be dividends a corporation paid directly to you as a participant (or beneficiary of a participant) in an employee stock ownership plan (ESOP). Report it as a dividend on your Form 1040 or 1040-SR but treat it as a plan distribution, not as investment income, for any other purpose.

Line 2a. Shows total capital gain distributions from a regulated investment company (RIC) or real estate investment trust (REIT). See How To Report in the Instructions for Schedule D (Form 1040). But, if no amount is shown in Lines 2b, 2c, 2d, and 2f and your only capital gains and losses are capital gain distributions, you may be able to report the amounts shown in Line 2a on your Form 1040 or 1040-SR rather than Schedule D. See the Instructions for Form 1040.

Line 2e. Shows the portion of the amount in Line 1a that is section 897 gain attributable to disposition of U.S. real property interests (USRPI).

Line 2f. Shows the portion of the amount in Line 2a that is section 897 gain attributable to disposition of USRPI.

Note: Lines 2e and 2f apply only to foreign persons and entities whose income maintains its character when passed through or distributed to its direct or indirect foreign owners or beneficiaries. It is generally treated as effectively connected to a trade or business within the United States. See the instructions for your tax return.

Line 3. Shows a return of capital. To the extent of your cost (or other basis) in the stock, the distribution reduces your basis and is not taxable. Any amount received in excess of your basis is taxable to you as capital gain. See Pub. 550.

Line 4. Shows backup withholding. A payer must backup withhold on certain payments if you did not give your TIN to the payer. See Form W-9 for information on backup withholding. Include this amount on your income tax return as tax withheld.

Line 5. Shows the portion of the amount in Line 1a that may be eligible for the 20% qualified business income deduction under section 199A. See the instructions for Form 8995 and Form 8995-A.

These are IRS instructions that we are required to provide to you.

INSTRUCTIONS FOR PARTICIPANT

The information on Form 5498 is submitted to the Internal Revenue Service by the trustee or issuer of your individual retirement arrangement (IRA) to report contributions, including any catch-up contributions, required minimum distributions (RMDs), and the fair market value (FMV) of the account. For information about IRAs, see Pubs. 590-A, 590-B, and 560.

Participant's taxpayer identification number (TIN). For your protection, this form may show only the last four digits of your TIN (SSN, ITIN, ATIN, or EIN). However, the trustee or issuer has reported your complete TIN to the IRS.

Account number. May show an account or other unique number the trustee or issuer assigned to distinguish your account.

Line 1. Shows traditional IRA contributions for 2023 you made in 2023 and through April 15, 2024. These contributions may be deductible on your Form 1040. However, if you or your spouse was an active participant in an employer's pension plan, these contributions may not be deductible. This line does not include amounts on lines 2-4, 8-10, 13a, and 14a.

Line 2. Shows any rollover, including a direct rollover to a traditional IRA or Roth IRA, or a qualified rollover contribution (including a military death gratuity or SGLI payment) to a Roth IRA you made in 2023. It does not show any amounts you converted from your traditional IRA, SEP IRA, or SIMPLE IRA to a Roth IRA. They are shown on line 3. It does not show any late rollover contributions. They are shown on line 13a. See the Form 1040 instructions for information on how to report rollovers. If you have ever made any nondeductible contributions to your traditional IRA or SEP IRA and you did not roll over the total distribution, use Form 8606 to figure the taxable amount. If property was rolled over, see Pub. 590-A. For a qualified rollover to a Roth IRA, also see Pub. 590-A.

Line 3. Shows the amount converted from a traditional IRA, SEP IRA, or SIMPLE IRA to a Roth IRA in 2023. Use Form 8606 to figure the taxable amount.

Line 5. Shows the FMV of all investments in your account at year end. However, if a decedent's name is shown, the amount reported may be the FMV on the date of death. Line 7. May show the kind of IRA reported on this Form 5498.

Lines 8 and 9. Shows SEP (line 8) and SIMPLE (line 9) contributions made in 2023, including contributions made in 2023 for 2022, but not including contributions made in 2024 for 2023. If made by your employer, do not deduct on your income tax return. If you made the contributions as a self-employed person (or partner), they may be deductible. See Pub. 560.

Line 12a. Shows the date by which the RMD amount on line 12b must be distributed to avoid the 50% excise tax on the undistributed amount for 2024.

Line 12b. Shows the amount of the RMD for 2024. If line 11 is checked and there is no amount on this line, the trustee or issuer must provide you the amount or offer to calculate the amount in a separate statement by January 31, 2024.

These are IRS instructions that we are required to provide to you.

INSTRUCTIONS FOR PARTICIPANT

The information on Form 5498 is submitted to the Internal Revenue Service by the trustee or issuer of your individual retirement arrangement (IRA) to report contributions, including any catch-up contributions, required minimum distributions (RMDs), and the fair market value (FMV) of the account. For information about IRAs, see Pubs. 590-A, 590-B, and 560.

Participant's taxpayer identification number (TIN). For your protection, this form may show only the last four digits of your TIN (SSN, ITIN, ATIN, or EIN). However, the trustee or issuer has reported your complete TIN to the IRS.

Account number. May show an account or other unique number the trustee or issuer assigned to distinguish your account.

Line 1. Shows traditional IRA contributions for 2023 you made in 2023 and through April 15, 2024. These contributions may be deductible on your Form 1040. However, if you or your spouse was an active participant in an employer's pension plan, these contributions may not be deductible. This line does not include amounts on lines 2-4, 8-10, 13a, and 14a.

Line 2. Shows any rollover, including a direct rollover to a traditional IRA or Roth IRA, or a qualified rollover contribution (including a military death gratuity or SGLI payment) to a Roth IRA you made in 2023. It does not show any amounts you converted from your traditional IRA, SEP IRA, or SIMPLE IRA to a Roth IRA. They are shown on line 3. It does not show any late rollover contributions. They are shown on line 13a. See the Form 1040 instructions for information on how to report rollovers. If you have ever made any nondeductible contributions to your traditional IRA or SEP IRA and you did not roll over the total distribution, use Form 8606 to figure the taxable amount. If property was rolled over, see Pub. 590-A. For a qualified rollover to a Roth IRA, also see Pub. 590-A.

Line 3. Shows the amount converted from a traditional IRA, SEP IRA, or SIMPLE IRA to a Roth IRA in 2023. Use Form 8606 to figure the taxable amount.

Line 4. Shows amounts recharacterized from transferring any part of the contribution (plus earnings) from one type of IRA to another. See Pub. 590-A.

Line 5. Shows the FMV of all investments in your account at year end. However, if a decedent's name is shown, the amount reported may be the FMV on the date of death. If the FMV shown is zero for a decedent, the executor or administrator of the estate may request a date-of-death value from the financial institution.

Line 7. May show the kind of IRA reported on this Form 5498.

Lines 8 and 9. Shows SEP (line 8) and SIMPLE (line 9) contributions made in 2023, including contributions made in 2023 for 2022, but not including contributions made in 2024 for 2023. If made by your employer, do not deduct on your income tax return. If you made the contributions as a self-employed person (or partner), they may be deductible. See Pub. 560.

Line 10. Shows Roth IRA contributions you made in 2023 and through April 15, 2024. Do not deduct on your income tax return.

Line 11. If the box is checked, you must take an RMD for 2024. An RMD may be required even if the box is not checked. If you do not take the RMD for 2024, you are subject to a 50% excise tax on the amount not distributed. See Pub. 590-B for details.

Line 12a. Shows the date by which the RMD amount on line 12b must be distributed to avoid the 50% excise tax on the undistributed amount for 2024.

Line 12b. Shows the amount of the RMD for 2024. If line 11 is checked and there is no amount on this line, the trustee or issuer must provide you the amount or offer to calculate the amount in a separate statement by January 31, 2024.

Line 13a. Shows the amount of a late rollover contribution (more than 60 days after distribution) made in 2023 and certified by the participant, or a postponed contribution made in 2023 for a prior year. This amount is not reported on line 1 or 2.

Line 13b. Shows the year to which the postponed contribution on line 13a was credited. If a late rollover contribution is shown on line 13a, this box will be blank.

Line 13c. For participants who made a postponed contribution due to an extension of the contribution due date because of a federally designated disaster, shows the code FD.

For participants who served in designated combat zones, qualified hazardous duty areas, or in direct support areas, shows the appropriate code. The codes are: EO13239 for Afghanistan and associated direct support areas, EO12744 for the Arabian Peninsula areas, PL115-97 for the Sinai Peninsula of Egypt, and EO13119 (or PL106-21) for the Yugoslavia operations areas. For additional information, including a list of locations within the designated combat zones, qualified hazardous duty areas, and direct support areas, see Pub. 3. For updates to the list of locations, go to www.irs.gov/Newsroom/Combat-zones.

For a participant who makes a rollover of a qualified plan loan offset, shows the code PO.

For a participant who has used the self-certification procedure for a late rollover contribution, shows the code SC.

Line 14a. Shows the amount of any repayment of a qualified reservist distribution, a qualified disaster distribution, or a qualified birth or adoption distribution. See Pub. 590-A for reporting repayments.

Line 14b. Shows the code QR for the repayment of a qualified reservist distribution, code DD for repayment of a qualified disaster distribution, or code BA for repayment of a qualified birth or adoption distribution.

Line 15a. Shows the FMV of the investments in the IRA that are specified in the categories identified on line 15b.

Line 15b. The following codes show the type(s) of investments held in your account for which the FMV is required to be reported on line 15a.

A—Stock or other ownership interest in a corporation that is not readily tradable on an established securities market.

B—Short or long-term debt obligation that is not traded on an established securities market.

C—Ownership interest in a limited liability company or similar entity (unless the interest is traded on an established securities market).

D—Real estate.

E—Ownership interest in a partnership, trust, or similar entity (unless the interest is traded on an established securities market).

G—Other asset that does not have a readily available FMV.
