Amendment Reason

Explanation of changes why are you amending your previous form 6 submission?

This is the first year I've received Social Security so it was not on my checklist from last year to list and I just went down my list and forgot to include it and then I just realized that a few minutes after I filed. All of the other income that is listed on my original Form 6 is correct and I was instructed on these instructions that you just make the changes that you don't have to redo everything so I did not redo those figures that are on my original Form 6 and they are still good. The only change to the income section is I have added the Social Security that I received. All of the other figures are still valid. Also it would not let me write the whole word social security
